Opensoft Payroll is a Client-Server based payroll that is designed to integrate seamlessly with eOpensoft. It takes care of tedious and time-consuming paperwork required for your payroll administration, all while ensuring your payroll is done correctly. In compliance with the Inland Revenue Board of Malaysia (IRBM), Opensoft Payroll caters to Monthly Tax Deduction (MTD) payments, Employees' Provident Fund (EPF) and Social Security Organisations (SOCSO).

Save time with smarter payroll software

Save time and improve employee management with a trusted payroll software that takes the stress out of managing your payroll.

Integration across platforms

Seamless Integration with eOpensoft cloud platforms ensures that you get a complete HR Management Solution.

Spend less time entering payroll data

With Opensoft Payroll, you only require to manually enter the additional pay details that are not included in employees' usual pay. Opensoft Payroll comes with options to sync attendance records directly to Opensoft Time & Attendance, and to sync leave/absence records from Opensoft Leave Management - thereby reducing errors, abolish the need for manual re-keying and speed up payroll processing altogether.

Easy management of pay and entitlements

We are always on the lookout for regulatory updates so you can be assured that all your pay calculations are in compliance with the statutory requirements for Singapore and Malaysia businesses. Accurately accrue leave by the hour, day or by pay and choose how to calculate an unlimited number of allowances and deductions with total flexibility.

Key Features

Ease of Use

Simple data entry that even a first time payroll user will be able to perform

Customizable Setup

Up to 20 additional pay fields to define for each employee to track allowances and/or deductions over the default Basic, Overtime, No Pay Leave, Statutory funds to suit your organisations' needs.

Speedy and Efficient Payroll Process

Fast data entry and include paying your employees' reimbursement at the same time you run your payroll processing.

Accuracy of Information

With all your setup done right the first time, you can let the system take care of the rest!

Quick access to current and historical payroll records

Payroll data can be kept for an unlimited time period as required, and can be accessed whenever you need to with just a few clicks on your mouse.

Useful and Insightful Payroll Reports

Have all the information you need in an easy to read format., enabling management to understand and process the data a lot faster.

Payroll Data is 100% safe

All access, whether administrative or user, to Opensoft Payroll is password protected, thereby ensuring such sensitive Payroll information is kept fully secure.

Full access to comprehensive reports

Statutory reports and management reports with export to excel functions

Flexible Payrun

Opensoft Payroll is equipped to handle different pay frequencies for your employees

Integration with optional Opensoft Self-Service Modules

Employees' payroll information is available immediately after payroll periodic processing for that pay period.

Unlimited Pay History

Payroll data kept for unlimited time period for compliance purposes.

Compliance with local statutory boards

All relevant calculations for submission to the statutory bodies are fully compliant within the required specifications set out by the Inland Revenue Board of Malaysia (IRBM) so you don't have to worry about these complicated calculations yourself!
